## Background Information

**Languages:** English

Bruce was working along with Stark Enterprises when he created the Gamma Bomb. When he saw Rick Jones in the testing area, Bruce saved his life but got caught in the gamma blast. This created the Hulk, who he would transform into whenever he got angry. Hulk is a separate personality and the two grew to hate each other.

After this incident, Bruce and Rick became friends and Rick helped Bruce whenever he could.

Bruce is very intelligent, brilliant and bright person who has huge knowledge about science. While he is mostly very serious, he can be sometimes ironic and cheerful. He loves Betty Ross very much and is willing to marry her, but he is often forced to stay away from her since he deeply cares about her safety. He also loves his cousin, Jennifer, whom he treats as if she was his sister. He always tries to maintain good relationships with his friends, like Rick Jones and Walter Langkowski. Even though he strongly hates his alter ego, Hulk, it is later revealed that he actually understands him and feels sorry for him. Initially he desperately tries to cure himself of becoming the Hulk but gradually gets used to it.
