NEIGHBORHOOD HIGHLIGHTS

MAXWELL'S TV AND APPLIANCE REPAIR

In this augural article of Neighborhood Highlights, we are going to focus a spotlight onto one of the special places in our city and the associated people that are making their world a better place.

In the small suburb of Neotropis you can find small shops that are still surviving in this modern era. One of these shops is Maxwell's TV and Appliance Repair.

The unremarkable building looks like most of the other stores in the neighborhood. The windows and doors have bars over them, the peeling paint is tagged with gang graffiti, and the parking lot is home to a few abandoned cars. Yet, in the middle of this depressing scene, there is hope.

The neighborhood has seen some resurgence against the gangs and crime that have plagued the area in recent years. Heroes like Onyx and Rebelle have been seen in the area and criminals are starting to take notice. People are again walking the streets, people like Lloyd Maxwell.

Lloyd, the owner of Maxwell's TV and Appliance Repair, had moved back into the Neotropis area after retiring. He grew up in the area and wanted to move back to see if he could help bring some life back into the old neighborhood.

Since his return, Lloyd has been a great help to the local citizen. His store has been in business for a few years now and the locals really appreciate the skills that he brings into the area.

Mrs. Maples, a widow who has lived in the neighborhood her whole life, had nothing but praise for Lloyd. "When my microwave stopped working, I brought it to Lloyd to see if there was anything that he could do to fix it. I am on a fixed income and couldn't afford a new unit. After a few hours, Lloyd had it working like new. He didn't want any money for the job, but I insisted. He settled for a few dollars to cover the cost of the parts. I thank Heaven for Lloyd Maxwell and his store."

Lloyd doesn't see himself as a hero. "I'm no hero. I am simply a man just trying to do some good for the people around me. If you want a real hero, look at Onyx or Rebelle. They are doing the work that needs to be done to bring the criminal element in our society to justice."
